

Jeep JK

BE OUT THERE!

Pro Comp Suspension introduces the latest in a series of advanced engineered suspension systems for the 2007 Jeep JK.

JEEP JK STAGE I SYSTEMS *for use with factory arms*

Pro Comp Suspension offers effective, affordable suspension systems that deliver high end performance. These Stage I systems are available with specifically rated front and rear springs to reduce body roll and improve ride quality - or front coils and 2" billet aluminum rear spacers to maintain factory ride characteristics, load capacity and proper lateral stance. Systems feature option of MX6 adjustable front and rear shocks for outstanding ride comfort and handling, or ES9000 front and rear shock absorbers to deliver factory ride quality.

K3089BMX - 4" Suspension System with MX shocks

**Rear spacers for
K3085B/BMX,
K3097B/BMX**

K3090BMX - 4" Suspension System with MX6 shocks

JEEP JK STAGE II SYSTEM *with HD X Series arms*

The JK 4" Stage II systems maintain a lower roll-center for unparalleled off road stability, superior articulation and excellent on road performance. The lower arms are fabricated from laser cut 3/16" thick steel plate for outstanding durability and come equipped with aerospace grade high angle rod ends and long lasting polyurethane bushings. Adjustable length front upper arms are included to optimize pinion angle and alignment specifications. Kit features option of MX6 adjustable front and rear shocks for outstanding ride comfort and handling, or ES9000 shocks to deliver factory ride quality.

K3098BMXR - Dual Sport 6" Long Arm Suspension System with MX2.0R shocks

2007 JEEP JK DUAL SPORT 6" LONG ARM SUSPENSION SYSTEM

The new JK 6" long arm systems maintain a lower roll center for unparalleled off road stability, superior articulation and excellent on road performance. Longer adjustable upper and lower control arms and a new high clearance cross member allow for more turning radius and obstacle clearance while the high clearance belly pan ties the frame rails together to add strength to the chassis. Suspension systems feature option of front and rear MX2.0R reservoir shocks for outstanding ride comfort and handling or ES9000 series shocks for factory ride quality.

Pro Comp's Stage II equipped JK rocks the competition at the Petersen's 4 Wheel & Off-Road 2007 JK Runaround.

Applications

JEEP JK

STAGE 1 KITS - FEATURE FRONT COILS, REAR SPACERS WITH OPTION OF ES OR MX6 SERIES SHOCKS

| Year | Application | Lift Height | Recommended Max Tire Size | Kit Part Number |
|-------|---------------------------------|-------------|---------------------------|-----------------|
| 07-08 | JK 4 Door/ 2 Door RUBICON - 4WD | 4.0" | 35" x 12.50" | K3085B |
| | | 4.0" | 35" x 12.50" | K3085BMX |
| 07-08 | JK 4 Door/ 2 Door - 2WD | 4.0" | 35" x 12.50" | K3097B |
| | | 4.0" | 35" x 12.50" | K3097BMX |

STAGE 1 KITS - FEATURE FRONT & REAR COILS WITH OPTION OF ES OR MX6 SERIES SHOCKS

| Year | Application | Lift Height | Recommended Max Tire Size | Kit Part Number |
|-------|---------------------------------|-------------|---------------------------|-----------------|
| 07-08 | JK 4 Door/ 2 Door RUBICON - 4WD | 4.0" | 35" x 12.50" | K3089B |
| | | 4.0" | 35" x 12.50" | K3089BMX |
| 07-08 | JK 2 Door Non-RUBICON - 4WD | 4.0" | 35" x 12.50" | K3086B |
| | | 4.0" | 35" x 12.50" | K3086BMX |

STAGE 2 KITS - FEATURE HD X SERIES CONTROL ARMS WITH OPTION OF ES OR MX6 SERIES SHOCKS

| Year | Application | Lift Height | Recommended Max Tire Size | Kit Part Number |
|-------|---------------------------------|-------------|---------------------------|-----------------|
| 07-08 | JK 4 Door/ 2 Door RUBICON - 4WD | 4.0" | 35" x 12.50" | K3090B |
| | | 4.0" | 35" x 12.50" | K3090BMX |
| 07-08 | JK 2 Door Non-RUBICON - 4WD | 4.0" | 35" x 12.50" | K3087B |
| | | 4.0" | 35" x 12.50" | K3087BMX |

DUAL SPORT LONG ARM KITS - FEATURE OPTION OF ES OR MX2.OR RESERVOIR SERIES SHOCKS

| Year | Application | Lift Height | Recommended Max Tire Size | Kit Part Number |
|-------|---------------------------------|-------------|---------------------------|-----------------|
| 07-08 | JK 4 Door/ 2 Door RUBICON - 4WD | 6.0" | 37" x 13.50" | K3098B |
| | | 6.0" | 37" x 13.50" | K3098BMXR |

Optional JK light bar (shown with 9851 Motorsports lights).

OEM Replacement Shocks

| Year | Application | Ride Height | ES9000 Shocks | | MX6 Shocks | |
|-------|-------------|-------------|---------------|--------|------------|--------|
| | | | Front | Rear | Front | Rear |
| 07-08 | Jeep JK | 0" - 2" | 922510 | 923500 | MX6149 | MX6150 |
| | | 3" - 4" | 926511 | 926501 | MX6013 | MX6151 |

Optional Equipment

| Optional Equipment | Part Number |
|--|-------------|
| Adjustable Trac Bars | |
| 07-08 Front Adjustable Trac Bar | JTB402 |
| Alignment Cambolts | |
| 07-08 Front Eccentric Alignment Cambolt Kit - Pair | 20-65227 |
| 07-08 Rear Eccentric Alignment Cambolt Kit - Pair | 20-65228 |
| Light Bars | |
| 07-08 Motorsports Light Bar - Bar Only | 23700 |
| 07-08 Motorsports Light Bar - Bar w/2 qty. 9851 Lights | 23701 |
| Lower Control Arms | |
| 07-08 JK HD-X Lower Control Arm Rebuild Kit | 55770 |
| Steering Stabilizers | |
| 07-08 OE Replacement Stabilizer | 220500 |
