# Ice cube

FRIDGE / FREEZER

## Built tough for EXPLORING AUSTRALIA

The Ironman 4x4 Ice Cube  
Fridge / Freezer keeps your food  
fresh and your drinks ice-cold.

### Digital Control Panel

- Temperature display
- Recessed control panel
- Adjustable temperature control

### Power Panel

- Fuse slot
- AC / DC power connection
- 3 Stage - Battery Protection switch

### Danfoss BD-35F Compressor

- German engineered
- Low energy consumption
- Electronically controlled

### Internal LED Light

- Super bright LED
- Low power draw
- No heat radiation

### Storage Capacity

- 30Litre / 40Litre / 50Litre
- Internal basket - Removable divider
- Separate dairy section

### Additional Features

- Multi-Voltage DC 12-24 & AC 100-240V
- High efficiency, low current draw
- Dual setting - Max & Economy modes
- Strong carry handles / tie down points
- Rugged polypropylene construction

### Sizes available

The Ironman 4x4 Ice Cube Fridge / Freezer comes with a **5 year compressor warranty** and a **3 year components warranty** (the warranty excludes parts such as fuses, connectors, plugs, perishables, etc.)

## FRIDGE / FREEZER

### Specifications

#### 30L CAPACITY

(42 x 375ml cans)

Item No.	IFRIDGE30
Approx gross capacity (L)	30L
Supply Voltage (V)	12/ 24 // 100-240
Dimensions (mm)	H - 380mm W - 350mm L - 585mm
Temp. Range / regulation	+10 to -18°C
Approx. Weight (kg)	16kg
Material CFC free	CFC-Free
Insulation	PU foam
Interior light	LED
Ave. power consumption	40 Watt
Current draw on 12V (5C inside, 20C outside)	Approx. 0.7 Ah/h
Certification	GS/ CE/ E certified
Warranty period	5 year compressor / 3 year components
Battery protection	3 Stage low voltage protection

#### 40L CAPACITY

(62 x 375ml cans)

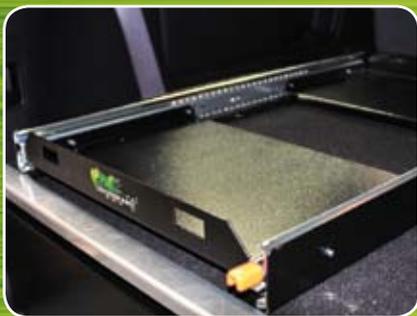

Item No.	IFRIDGE40
Approx gross capacity (L)	40L
Supply Voltage (V)	12/ 24 // 100-240
Dimensions (mm)	H - 490mm W - 350mm L - 585mm
Temp. Range / regulation	+10 to -18°C
Approx. Weight (kg)	17kg
Material CFC free	CFC-Free
Insulation	PU foam
Interior light	LED
Ave. power consumption	40 Watt
Current draw on 12V (5C inside, 20C outside)	Approx. 0.7 Ah/h
Certification	GS/ CE/ E certified
Warranty period	5 year compressor / 3 year components
Battery protection	3 Stage low voltage protection

#### 50L CAPACITY

(72 x 375ml cans)

Item No.	IFRIDGE50
Approx gross capacity (L)	50L
Supply Voltage (V)	12/ 24 // 100-240
Dimensions (mm)	H - 530mm W - 350mm L - 585mm
Temp. Range / regulation	+10 to -18°C
Approx. Weight (kg)	18.5kg
Material CFC free	CFC-Free
Insulation	PU foam
Interior light	LED
Ave. power consumption	40 Watt
Current draw on 12V (5C inside, 20C outside)	Approx. 0.7 Ah/h
Certification	GS/ CE/ E certified
Warranty period	5 year compressor / 3 year components
Battery protection	3 Stage low voltage protection

### Fridge / Freezer Accessories

#### Fridge Slide

- 100kgs rating
- Lock in and lock out slide
- Tie down points
- DIY construction

#### Insulated Carry Bag

- Marine grade nylon
- Polyethylene insulation
- Vented for air cooling
- Additional storage pockets

#### Fridge Straps (4 piece)

- Lashing capacity of 75kgs
- Two piece straps
- Cam buckle / Stainless steel buckle
